Dear Sir:-

I have been collecting old coins for some years and have great interest in the subject and specialize in Roman Imperial and German issues, also some So. Am. States.

I note your ad in the Numismatist "Williams" Coinage of Latin America \$3.50 Is this book illustrated ? How large a book is it and of what period does it treat ?

Does your society publish a magazine or other publications ? I would be glad to hear from you in regard to the Society's activities.

Yours very truly

Chas. Harbeck

Dr. Charles Harbeck,
Seventh & Briadway,
Los Angeles, Cal.

Dear Sir:

Your letter of the 10th is at hand. The book by Williams on the Coinage of Latin-America concerning which you ask has two plates and is not much more than a ten folio-page article which originally appeared in the American Journal of Numismatics. If you would like to have a copy sent for your examination, you may return it in case it does not seem worth that amount to you.

You ask regarding our publications. We do not publish a periodical, but we do publish Numismatic Notes and Monographs, of which a list is enclosed. Usually four or more of these are issued each year and are sent to members in return for their annual dues of \$5.00. I am taking the liberty of enclosing an application card in the event that you might care to consider an invitation to become a member.

Very truly yours,

Secretary
